

Changing the rivets on the jury tubes end-fittings

You will need the online tutorial "Changing a rivet" available from our web site:

<http://x-air.in/downloads/tutorials/> (user: client ; password: xair)

The tutorial is made up of 2 parts (2 videos and 1 accompanying pdf file set of instructions). The first shows you how to remove a rivet while the second is how to replace it with a new one.

24 avdel aluminium rivets where provided to replace the R103 rivets on the jury tubes (see diagrams below)
